Project Name	PocketSmart AI: Your Smart Budget & Recommendation Assistant
Maximum Marks	2 Marks

Customer Journey Map

Phase of Journey	**Stage 1: Discover & Sign Up**	**Stage 2: Plan the Budget**	**Stage 3: Shop & Revisit**
Actions What does the customer do?	- Opens the landing page - Reads about the three planners - Registers and signs in	- Chooses Home, Party or Jewelry planner - Enters budget, quantities, occasion and optional outfit photo - Submits the form	- Reviews category totals and remaining budget - Opens platform links to buy - Returns later via History
Touchpoint What part of the service do they interact with?	- Landing page - Register and Login pages	- Planner forms - Gemini-powered recommendation engine	- Results page with shop links - Dashboard and History pages
Customer Thought What is the customer thinking?	- "Will this really fit my budget?" - "Is signing up quick?"	- "Will the AI understand my needs?" - "Is my photo used safely?"	- "Great, nothing exceeds my budget." - "I can find this plan again."
Customer Feeling What is the customer feeling?	Curious, slightly sceptical	Hopeful, a little impatient while waiting	Relieved and confident
Process Ownership Who is in the lead on this?	Frontend and Auth module (Sanjay C, Kaushal N)	AI service and Backend (Krishna Kailash Yedida, Aravinth K)	Frontend, History and QA (Kaushal N, Rangesh V S)
Opportunities How can we improve this stage?	- Add Google sign-in - Add a guest demo mode	- Add budget presets and templates - Stream results as they are generated	- Add price-drop alerts - Share or export a plan as PDF
